WORK EXPERIENCE

Project & Campaign Manager (Digital Growth & Launch)

Jul 2024 – Present

Current

- Harvesters International Christian Centre · Kent & Croydon, UK (Remote)
- Managed multi-channel campaign delivery across Meta, TikTok, and Eventbrite, coordinating content, ads, and community workflows aligned to launch milestones.
 - Delivered campaigns within a £600+ budget, achieving 200,000+ reach, 300+ qualified leads, and contributing to 600+ physical event attendees.
 - Built and scaled online community from 300 to 3,000+ members, supporting successful establishment of a new physical location.
 - Tracked campaign performance metrics and optimised delivery strategies, improving engagement and conversion rates across channels.

Programme Communications Coordinator

Jan 2026 – Feb 2026

Contract

- Goethe-Institut Nigeria · EUNIC Spaces of Culture – Roots & Roofs Programme (Remote)
- Coordinated delivery of a Pan-African programme involving 7 international partner organisations, managing communications across 40+ stakeholders including jury members, facilitators, and participants across Nigeria's six geopolitical zones.
 - Managed end-to-end facilitator lifecycle (onboarding, scheduling, contracts, payments, travel logistics), ensuring 100% compliance with programme and documentation requirements.
 - Designed and implemented project coordination systems (tracking dashboards, stakeholder database, communication templates), improving workflow efficiency and reducing manual follow-ups by 60%+.
 - Produced real-time status reports and stakeholder updates, enabling leadership to track progress, mitigate risks early, and ensure on-time programme delivery.

Digital Project Manager (Website & Brand Launch)

Sep 2025 – Feb 2026

Contract

- LOAF Global Co / Tetso Commerce · Ghana (Remote)
- Led full project lifecycle for website redesign and SEO optimisation, coordinating 5+ cross-functional contributors, delivering on schedule with 65% increase in organic visibility and 50% traffic growth.
 - Managed sprint planning, timelines, and deliverables across design, content, and development teams in multiple time zones, maintaining 100% milestone adherence.
 - Developed and executed go-to-market launch plan, aligning campaign timelines with key events (e.g., Black History Month), driving high-impact market entry visibility.
 - Conducted competitor and user analysis to define positioning strategy, enabling product differentiation and supporting early-stage user acquisition growth.

Operations & Project Consultant (Business Launch)

Jan 2025 – Jun 2025

Contract

FitFlex Gym · Nigeria

- ▶ Designed and executed a full business launch project, managing a ₦11.7M budget, staffing model (6 staff), and operational rollout plan from concept to launch.
- ▶ Developed SOPs, customer journey frameworks, and service delivery processes, achieving 200+ active members within the first year and targeting 90% customer satisfaction.
- ▶ Oversaw implementation of digital systems (Google Business profile, marketing channels), improving visibility and customer acquisition pipeline.
- ▶ Monitored operational performance post-launch, identifying process gaps and implementing improvements that enhanced service efficiency and retention.

Brand Strategy Project Consultant

Sep 2024 – Dec 2024

Reers Technology · UK (Remote)

Contract

- ▶ Delivered end-to-end brand strategy project, defining positioning, messaging, and audience targeting for a tech founder entering a competitive market.
- ▶ Created structured execution roadmap and content systems, enabling independent and consistent brand deployment post-engagement.
- ▶ Facilitated stakeholder sessions to align brand direction with business goals, reducing ambiguity and improving execution clarity.
- ▶ Developed reusable frameworks and guidelines, reducing content inconsistency and improving long-term brand scalability.

Project Manager & Operations Coordinator (Digital Transformation)

Jul 2023 – Jun 2024

Bridgestone Healthcare System · Maryland, USA (Remote)

Full-time

- ▶ Led a paper-to-digital transformation initiative, migrating manual care records and operational documentation into structured digital systems, improving data accessibility and reducing administrative processing time by 40%+.
- ▶ Managed end-to-end project delivery including process mapping, tool selection, data migration, and staff onboarding, ensuring zero data loss and seamless transition across caregiving teams.
- ▶ Coordinated cross-functional stakeholders (care staff, admin team, leadership) to drive adoption, delivering training and support that resulted in 90%+ team compliance within the rollout phase.
- ▶ Designed and implemented digital tracking and reporting systems, enabling real-time visibility into operations, improving decision-making speed, and strengthening regulatory compliance.

Operations & Project Support

Mar 2022 – Mar 2023

Typical Fitness · Nigeria

NYSC

- ▶ Supported ongoing business operations and project execution, ensuring continuity across events, marketing, and customer engagement initiatives.
- ▶ Assisted in coordinating logistics and stakeholder communication for fitness programmes and events.
- ▶ Maintained documentation and reporting processes to support operational tracking and decision-making.

Business Development Manager (Projects & Events Delivery)

Oct 2017 – Feb 2022

Typical Fitness · Nigeria

Full-time

- ▶ Led delivery of company website projects from concept to launch, coordinating design, content, and development stakeholders end-to-end.
- ▶ Co-managed execution of large-scale fitness events, generating ₦11M+ in revenue through ticket sales and sponsorships.
- ▶ Designed and implemented lead generation systems producing 100+ weekly leads with a 20–30% conversion rate.
- ▶ Developed reporting and forecasting systems to guide strategic planning and improve revenue performance.
